

The Ford Model A

The Key to Transformation

Don't copy the behavior and customs of this world, but let God transform you into a new person by changing the way you think. Then you will learn to know God's will for you, which is good and pleasing and perfect. Romans 12:2

What counts is whether we have been transformed into a new creation. Galatians 6:15

The single most effective habit you can have to transform into the person the Lord wants you to be is the daily reading of **His Word** (the Bible). No better way to grow in your relationship with God (discern His will, become like Christ). **IT IS HIS CONDUIT.**

The Ford Model A

- Ford Introduced the Model T in **1908**
 - Practical (20 hp), sold only in black, design **unchanged**, sold 15 million, last produced in 1927
- By 1920's American's wanted more comfort and style, **Ford lost 43% of its sales**
- December 11, **1927** The **Model A** was unveiled and in 2 days 10 million Americans visited Ford Dealerships
- Model A was mechanically engineered by Henry, Style and comfort were designed by Edsel Ford
 - This collaboration, led to a beautiful and stout **4-cylinder** automobile that was meant to be the American Automobile for a generation

But Wait!

- 1931 Chevrolet released the powerful **6-cylinder** Independence
 - The Model A, literally could not keep up, Ford stopped Model A manufacturing the same year.
- The American Generation car lasted only **4 years**
- The **Model A** experience was the **CONDUIT** that led Ford to engineer the **FLATHEAD V-8** motor
 - Which dominated the Automobile Industry for the next 22 years

The Zip Tie:

Transformation is a learning experience. Life can and will be disappointing. Remain faithful in reading the bible. Like the transformation from 4-cylinder to 8, the Lord will use the Bible to TRANSFORM you into a more powerful christ-like servant.

Amen, Amen
